Everyone who is anyone will be at the

Seventeenth Annual

BUG NIGHTS

Since 1995, volunteers including anglers, students, teachers, paddlers, and others interested in the health of the Upper Merrimack River and general river ecology have enjoyed learning about these fascinating creatures and what they tell us about river conditions.

Your work as a citizen scientist helps determine the health of the Upper Merrimack watershed.

Training is free, fun, and a great way to spend quality time with family and friends as well as an opportunity to make new acquaintances.

It's the most effective and relevant way to spend your Wednesday nights.

Upper Merrimack Monitoring Program Bug Nights 2013 sessions are held on Wednesdays at St. Paul's School, start at 6:00 PM and end promptly at 9:00.

An instructional training and refresher class will be conducted at the first session on January 30, 2013.

Refresher and additional training will be provided at each session.

All equipment and alcohol (denatured preserving alcohol) are provided—just bring yourself and a friend.

Upper Merrimack Monitoring Program Bug Nights 2013 Schedule

January 30*	February 13	March 13	April 10
*training night	February 27	March 27	April 24

Directions to St. Paul's School from Interstate 93 North: Take I-89 north from Concord to exit 2 to Clinton Street. At the end of the ramp turn right onto Clinton Street. Follow signs and take left onto Langley Parkway. Continue to end to intersection of Pleasant Street (across from Concord Hospital). Turn left onto Pleasant Street. After about half a mile, turn left onto Dunbarton Road at the St. Paul's School sign. Take your first left after the barn (as soon as you enter the grounds) on the left, and use the large lot across from the Lindsay Center for Mathematics and Science, which is across the road. Enter the building at the corner door. The Ecology Lab is Room 123 on the left.

STORM AND OTHER CANCELLATIONS WILL BE POSTED ON MerrimackRiver.org.

Contact Michele Tremblay and Steve Landry at 603.796.2615 or MLT@naturesource.net or visit MerrimackRiver.org.

We'll see you there!
